

# QuickFab™ Backwall

## Set Up Instructions

For Indoor use only

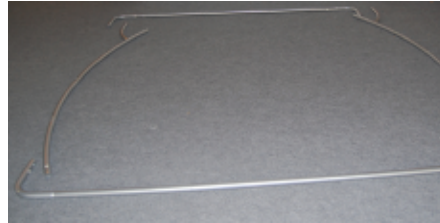

### Includes:

- 4 Corner pieces
- 2 Top pipes (Connected with bungee)
- 2 sets of side pipes with leg for foot
- 2 Feet with connection pins

**1)** Connect top & bottom pipe sets together and attach corner pieces by matching up the numbers. Then connect side pipe sets by the numbers.

**2)** Lay out the connected top and side pipe sets as shown above.

**3)** Connect side pipe sets to corner pieces connected to top pipe sets.

**4)** Snap both feet posts into the leg portion at the bottom of the frame. Secure with the connection pins.

**5)** While frame is laying down slide the graphic onto the top of the frame.

**6)** Stand the frame upright.

**7)** At the bottom connect zipper and zip graphic closed.
