

CROSSwire®

X-MODULE

Modular display solutions for shop
in shop, exhibitions, events etc.

Modular

All you need!

CROSSwire basic module
Size 10 - 200 cm

Feet. Size 16x16 cm & 16x60 cm

Cube

Clips for multiple media attachments

Standard spot

Connector

Never before has an exhibition system proven to be so flexible and versatile at such low cost!

The modular possibilities, without the use of tools to assemble, gives a feeling of playing with toys. Easier solution to bring image and background to important activities does not exist!

X-Module provides a full solution: A patented 10 x 10 cm truss-system, made in composite. The potentials are countless from POS stands in any shape to replacement of known standard solutions and all the way up to complexed exhibition designs. Remarkably simple, all from the same few components... In other words: *It's easy, - just like toys!*
