pulse kit 04

PK-4

Pulse is a collection of cleverly-designed state-of-the-art 10' exhibit booths. Pulse combines light-weight aluminum structures with pillowcase dye-sublimated printed fabric graphics for a truly unique appearance and experience. Pulse is efficient, easy to assemble and disassemble and offers remarkable style options and choices.

features and benefits:

- State-of-the-art snap button aluminum structure
- Frame constructed of 30mm lightweight aluminum tube
- High-quality dye-sublimated zipper pillowcase graphics
- Brushed silver finish on exposed tube
- Easy step-by-step instructions
- Kit includes two frames, two fabric pillowcase graphics, two wheeled molded cases and two 120 watt floodlights
- Lifetime warranty on hardware against manufacturer defects

1.

Step 1. Assemble background frame

Lay pieces out flat and assemble in numerical order as shown. Numbers will be on the back side of the tube. When frame is complete, stretch background graphic over the frame starting at the top. Pull tightly all the way down assuring holes in graphic align with knobs on frame and secure with zipper.

Note: Knobs should face forward when frame stands upright.

Graphic will fit snugly over the frame with the zipper at the bottom.
