Open/Live Size: 64.875"w × 39.25"h

Front Live: 39.375"w × 39.25"h Endcap Live: 12.75"w × 39.25"h

Keep all critical design elements at least 1" away from stitching and endcap breaks

File Preparation Tips

- Design artwork to the Print Size listed
- Submit Layered files in their native program (Illustrator, Photoshop, InDesign)
- Supply all image links as separate files to ensure quality
- Keep resolution of all images at a minimum of 100ppi (at full size)
- Include fonts for any live text OR convert text to outlines
- Maintain a consistent colorspace between files for artwork and linked images (all CMYK or all RGB rather than a mix of both)
- Critical color matches should be specified as Pantone colors and be applied to art as spot colors

^{*}Graphic MUST be ordererd with endcaps to help with frame stability and to help hide the internal shelf.
