digital Banner stand

NEW

**AMERICAN
IMAGEDISPLAYS**

The world's only portable digital signage display

Experience the new generation dBs, featuring award winning digital signage technology that will take your visual presentations to a whole new level. Showcase videos, images, text and even live TV together in perfect balance to communicate your message with impact.

dBs offers an easy plug-and-play solution built for marketers, not IT professionals. The 42" commercial grade HD LED panel reproduces your message with crisp images and sound. The easy content creation software helps you create your own message in minutes. The robust yet collapsible structure allows you to switch from landscape to portrait mode with the push of a button. And it all packs in wheeled cases for ultimate portability.
