2 2 2 2	2	2	2	ame Frame Frame	To lock the frames together you can use the "S" shaped brackets, ey are designed tight so they lock well. If you have a header in the kit you can fix to the top by using the par plastic clips.	You can set up the feet in the position that you want to erect the and, lift the fabric panels and fit on the feet.	Its time to get your hands cleaned as now you are ready to handle e printed fabric. Feed the fabric from the round edges of the frame, ed only a few feet, then stand the frame up then slide the fabric to e bottom, now close the Zipper.	Now start pushing the pipes together until they firmly click, if ficult you can slightly twist the parts together to make the locking ring pop up on place.	Make sure that all the corresponding numbers are correct.	Take all the parts out of the bags and lay them on the ground cording to the assembly diagram.	etun Instructions
